VOLCANO BECOMES ACTIVE

Terrific Explosions and Bursting of
Flames From Crater That Has Been
Practically Inoperative for Over a
Century Terrifies Inhabitants of Its
Immediate Vicinity.Tokio, March 16.—A serious earth-
quake occurred in the prefecture of
Akita, Island of Honshu, killing a num-
ber of persons in the city of Akita
and destroying or damaging many
houses. In the village of Kowakubi,
which was ruined, there were many
casualties.The disturbance damaged the rail-
road and telegraph lines.Full details of the disaster have not
been received, owing to the interrup-
tion of communication. Sixty bodies
were found in the basin of the Omono
river, where 320 houses were destroy-
ed. The village of Kitameno was
burned.As a result of the earthquake a cop-
per mine at Tsunamido collapsed.
The fate of the 300 workmen in the
mine is unknown.Simultaneous with the earthquake
came terrific explosions and the burst-
ing of flames from the volcano Azama-
Yama, ninety miles northwest of To-
kio, which terrified the inhabitants of
that district.Akita is a garrison town on the Sea
of Japan. It does a considerable ex-
port trade, especially in rice. The
population of the city is about 30,000.
Azama Yama is the largest active
volcano in Japan. A majority of its
active periods have been productive
of showers of ashes only. Its last
great eruption was in 1783, when sev-
eral villages on the north side of the
mountain were obliterated by huge
streams of lava. The crater is about
three-quarters of a mile in circumfer-
ence.

TRADE COMMISSION MEASURE

Bill Is Completed and Its Terms
Made Public.Washington, March 16.—The inter-
state trade commission bill, bearing
the approval of President Wilson and
Attorney General McReynolds, was
made public following many confer-
ences among the members of the
house interstate commerce committee.The Democrats expect this measure
to command substantial Republican
support and an effort probably will
be made soon to bring about concert-
ed action between the senate and
house on this phase of the adminis-
tration program of commerce regulation
and anti-trust legislation. The new
bill was agreed upon unanimously by
its framers, a subcommittee of Demo-
crats and Republicans headed by Rep-
resentative Covington of Maryland,
and it is approved by practically the
full committee.The bill would transfer all the pow-
ers and duties of the bureau of cor-
porations and the commissioner of
corporations to the proposed commis-
sion of three members, presidential
appointees subject to confirmation,
whose salaries would be \$10,000 an-
nually each.

WIFE BURIES WRONG MAN

Chicago Woman Identified Body as
That of Husband.Chicago, March 16.—Mrs. Sophie
Niemann told the coroner that as she
had identified and buried the wrong
man as her husband, Herman Niemann,
she would like to have the body dug
up and returned to the morgue.
Mrs. Niemann said she had been aided
in making the identification Jan. 25
by four members of a lodge to which
Niemann belonged and she had col-
lected \$1,000 life insurance. She said
her son had met Niemann in this city
two nights ago.

FACES CHARGE OF GRAFT

Vice Admiral Tsurutaro Matsuo Has
Been Arrested.Tokio, March 16.—Vice Admiral
Tsurutaro Matsuo, inspector general
of naval construction on the reserve,
was arrested charged with complicity
in alleged graft in naval expenses.
Admiral Matsuo, who is fifty years
old, graduated from the engineers' de-
partment of Tokyo university in 1885.
He served the government abroad for
a number of years and several times
has been decorated. On his retire-
ment he went into business.

STRIKER KILLED IN BRAWL

Two Strikebreakers Arrested, Charged
With the Crime.Oak Creek, Colo., March 16.—A. H.
House and A. D. Perkins, two strike-
breakers employed at the Oak Creek
mines, were arrested by Sheriff Chiv-
ington, charged with killing one strik-
er and seriously wounding a second
in a street fight here. The two men
were arrested as they were entering
the mine.According to Sheriff Chivington only
four men were engaged in the brawl,
which was precipitated, he says, by
cries of "scab" hurled at the strike-
breakers by the union men.IMPOSSIBLE TO
ESTIMATE DEADTerrific Hurricane Sweeps Over
Southern Russia.

CASUALTIES MAY EXCEED 1,500

Northerly Gale Causes Numerous
Cloudbursts Along the East Coast
on the Sea of Azov and the Shore
for About Five Hundred Miles Was
Flooded and Considerable Damage
Done.St. Petersburg, March 16.—Details
of the hurricane which swept the
province of Kuban, Southern Russia,
Saturday, were received here from
Ekaterinodar. A northerly gale caused
numerous cloudbursts off the east
coast on the Sea of Azov and the
shore from Yekaterinodar to the Strait
of Kerch, a distance of about 500 miles,
was flooded and seriously damaged.One hundred and seventy-six con-
struction employees on the Kuban rail-
road were sleeping in a shed when
awakened by the storm and fled to a
train and endeavored to escape. Soon,
however, the engine and cars were
overturned by the rushing water and
swept away.The hurricane raged for ten hours.
When it ceased the receding floods re-
vealed scenes of great destruction.
Eight miles of the railway embankment
were in ruin. The wrecked train was
covered with bodies of dead
women. Forty-eight of the 176 men
finally got to shore on floating wreck-
age, but it is feared all the others
were drowned.Many courageous rescues of persons
floating on wreckage on the sea have
been reported. Many bodies have
been washed ashore at various points.
The meager dispatches received re-
ported that 1,500 lives had been lost
as a result of the storm, but no
reliable details giving what may be
termed an accurate estimate have yet
come to hand.A similar catastrophe occurred
along the shores of the Sea of Azov
thirty-seven years ago.

STRANGE DISEASE RAGING

Attacks Like Cholera Cost Many
Human Lives in Mexico.Douglas, Ariz., March 16.—A
strange disease, somewhat resembling
cholera in the speedy death of its vic-
tims, is reported raging at Jecori, Chi-
huahua, a district just freed from an
epidemic of smallpox.The persons reporting the new dis-
ease among the humans told also of
a new scourge among the cattle in the
southern part of the Sahuaripa dis-
trict, near San Nicholas. They said
the cattle affected died after a swell-
ing, which started in their hind legs,
had extended over half or two-thirds
of their carcasses, the flesh turning
completely black.

BALKAN WAR WAS FIRST ACT

Count Sergius Witte Says Intermis-
sion May Last for Years.Budapest, March 16.—Count Sergius
Witte, former premier of Russia, in
an interview published here, is quoted
as saying:
"Only the first act of the Balkan
affair has been played. It is now the
intermission, which may last for years
or perhaps only for months."The relations between Austria
and Rumania constitute one of the
points of danger, while the relations
between the triple alliance (Germany,
Italy and Austria) and the triple
entente (Great Britain, France and
Russia) are in no wise clear."

BANDITS KILL POSTMASTER

Burn United States Customs Station
and Postoffice.San Diego, March 16.—The United
States customs office and postoffice at
Tecate were burned and the post-
master, Frank W. Johnson, was shot
dead by three bandits, according to
full advices received here. Warren
Widenback was wounded. Observers
of the tragedy say the bandits were
Mexicans.A charred American flag was found
in the ruins of Johnston's store,
which also was the customs office and
postoffice.
Johnston, it was learned, was shot
through the heart when he refused to
give the combination of the safe.

FIFTEEN TEXAS RANGERS

PATROL 800 MILES.

Austin, Tex., March 16.—The
entire force of Texas rangers,
totaling at present only fifteen
mounted men, was assigned to
duty on the 800 miles of Texas-
Mexican border with the arriv-
al of two rangers at Raymon-
ville, Tex., in response to an
appeal from citizens thereof
for protection against cattle
thieves and desperadoes.

MRS. ELLA F. YOUNG.

May Secure Savings Banks
in Chicago Public Schools.

PUPILS TO CONDUCT BANK

Mrs. Young Recommends One Be Es-
tablished in Every School.Chicago, March 16.—A bank to be
conducted by pupils will be estab-
lished in every school in Chicago, if a
savings system recommended by Ella
Flagg Young, superintendent of
schools, is adopted. Officers will be
elected by the children and they will
work under a regular banking plan.
The funds will be kept in some bank.
The plan was proposed by Joseph
R. Noel, vice president for Illinois of
the savings bank section of the Ameri-
can Bankers' association.SEVERAL INQUIRIES
INTO OMAHA WRECKEfforts Will Be Made to Find
Cause of Disaster.St. Paul, March 16.—Investigation
to place responsibility, if possible, for
the wreck on the Omaha road at Men-
dota Saturday night, in which one
woman was killed and fifty persons
were injured, will be continued by
the Omaha road officials. Coroner J.
B. Lewis of Dakota county will hold
an inquest over the body of Miss
Julia Highburg of Minneapolis, the
only person killed in the wreck.
Wednesday. Railroad officials and
the train crew will be summoned to
the inquest.The state railroad and warehouse
commission is also investigating the
disaster, Commissioner C. E. Elmquist
said.Two coaches of train No. 4, bound
from Omaha to St. Paul, plunged
through the bridge over the roadway
leading from Mendota to Fort Snelling.The train struck the wooden bridge
as it was traveling about thirty-five
miles an hour and plunged thirty feet
down the road embankment. The day
coach left the rails entirely and drop-
ped down the embankment, turning
over twice and landing on its side.
The parlor car following the day
coach split the bridge timbers and
hung suspended with one end on the
bridge and the other in the mud at
the bottom of the embankment.

bark Trifolium was driven ashore on
Land's End and Captain Olsen and
four sailors were drowned. Six mem-
bers of the crew were saved.Storms all along the coast did mu-
ch damage to small craft and there also
were several vessels wrecked in
Queenstown and Liverpool harbors.

tenced to Prison.Pontiac, Ill., March 16.—After delib-
erating nine hours a jury found for-
mer Judge Fred G. White guilty of
forgery and sentenced him to a term
in prison in the penitentiary not to
exceed fourteen years. White was
convicted of signing the name of
David S. Myers, chief banker of the
Modern Woodmen of America, to a
note for \$2,400 in favor of G. Y. Mc-
Dowell & Co. of Fairbury, Ill.

Baby Drowned in Bathtub.

Kansas City, March 16.—Glenn
Pumphrey, two and one-half years old,
son of E. Frank Pumphrey, a widely
known real estate operator, was
drowned in a bathtub here. The child
wandered to the bathroom and turn-
ed on the water to play with the
spray. Later he was found dead in
a partly filled tub. A chair nearby in-
dicated that he had climbed upon it
and fallen into the water.SPEECHES MADE TO
PEOPLE AT HOMECongressmen Pay Little Heed
to Talk of Fellow Members.

ATTENDANCE VERY SMALL.

Visitors Marvel at Disinterested Leg-
islators, Many of Whom Vote With
Their Party—Arguments Seldom
Noted—Big Obstacle to Woman's
Suffrage in South.

By ARTHUR W. DUNN.

Washington, March 16.—[Special.]—
Visitors to Washington marvel that so
few men in either the senate or house
listen to what is being said. The per-
centage of nonattendants is larger in
the house than in the senate because
the membership is larger, but many a
day the senators talk on the most im-
portant subjects with only a half doz-
en fellow senators in the chamber, and
most of them paying little or no at-
tention to what is being said.For the most part, the speeches made
in congress are not made in the way of
argument. I doubt whether any man
has been influenced one way, although
I did hear that two or three senators
were influenced on election cases by
the arguments of men who had in-
vestigated them. For the most part,
however, the speeches have no effect
whatever upon the men to whom they
are supposed to be addressed.

Talking to Constituents.

"I have got to make a speech on this
subject," a senator told me not long
since. "I am going to vote against the
measure and I must explain why I do
so." Now, he was not explaining to
the senate, for he did not care much
what the senate thought of his posi-
tion, but he was making a speech to
explain to his constituents why he op-
posed what a large number of them
wanted."I am talking to the galleries, I see,"
said Senator Sherman of Illinois, who
was discussing presidential primaries
and no one in the senate was listen-
ing to him. "Yes, I am talking to the
galleries, and I hope they will take
what I say home with them and tell
their friends in every part of the coun-
try."For "home consumption" is the rea-
son for most of the talk that is heard
in congress. I do not include in this
the discussion of appropriation bills,
which sometimes gets right down to
arguments on whether or not congress
should do one thing or another.

What Is Our Vote?

In connection with the nonattend-
ance of members of the senate and
house it is an interesting fact that
amendments are lost and sometimes
measures are voted up and down sim-
ply by the "whips" or the trusted em-
ployee who stands at the door of the
chamber when a vote is being taken.
For instance, a bill of some impor-
tance is pending in the house. It is a
bill reported by a committee the ma-
jority of whom are Democrats, and it
is presumed to be a Democratic bill.
At some stage, we will say, a Repub-
lican will offer an amendment and the
yeas and nays are called. The bells
jingle all over the capital and in the
house office building, and members
rush over to vote. The Republicans
pass in their door and seek either the
minority leader or minority whip or
the Republican employee."Our vote is 'Yes,'" they are told as
they pass by, and that settles it.
The Democrats pass by their man,
and he says, "Our vote is 'No,'" and
that settles it for most of them.This sort of thing happens on a great
many important measures in the course
of a session because the nonattend-
ance of the members prevents them from
knowing exactly what they are voting
upon, and they feel sure if they have
voted with their respective parties.

They Suspected as Much.

The women who have been urging
the suffrage amendment in congress
have been at considerable loss to un-
derstand why the southern men were
so fearful that federal action might
result in permitting negro women of
the south to vote. The women felt
that the southern states would take
care of that matter just as they have
taken care of the privilege of negro
men under the fifteenth amendment.
Senator Vanderman of Mississippi
seems to have explained the situation.
"The negro man," he said, "is much
more easily controlled, less turbulent
and more tractable than the negro
woman. Verily, the female of the species
is more deadly than the male" in this
instance.

Same Old Fight.

In these days the descendants of the
Choctaws, Chickasaws and Cherokees
and other tribes of Indians who re-
mained behind and did not go to the
Indian Territory when the United
States government moved the Indians
there are constantly regretting that
their ancestors wanted to stay in the
old home. And congress must have
regretted it ever since, because a fight
comes up every year when there is an
Indian appropriation bill. The tribes
who went to Indian Territory are all
in affluent circumstances, but the In-
dians who stayed in the old homes are
in a serious condition. Those who re-
mained at home are constantly fighting
to get on the rolls with those more for-
tunate Indians in Oklahoma.

Commander Edward R. G. R. Evans,
second in command of the Scott South
pole expedition, arrived in America to
deliver lectures in this country and
Canada. He went to Washington,
where he dined with the British am-
bassador. Commander Evans was
captain of the Terra Nova during the
explorations. He was forced to re-
turn to England to recover from scurvy,
which attacked him after he left
the main body of pole seekers when
they were within 150 miles of their
destination, on Jan. 4, 1912. Com-
mander Evans is thirty years of age
and is one of the youngest of his rank
in the British navy. He was promot-
ed immediately after his return from
the Antarctic. There is shown also
the Terra Nova.FIVE PERSONS UNDER

the jury which acquitted McLain
Cooper of the charge of murder at

in Hood River, Ore.Bangs was the chief counsel for
the defense in the Cooper trial, which
was one of the bitterest fought in the
history of the state. The trial con-
tinued for thirty days and the jury
was out thirty-six hours before return-
ing a verdict of not guilty for the
youthful defendant. Attorney Bangs
presented himself in the court of Jus-
tice McLoughlin and the warrant
charging him with assisting in jury
bribery was served. Examination
was continued to March 27. Bangs
was released without bail. The four
other men arrested were released on
\$5,000 bonds each.

MAYOR'S JOB NOT FOR WOMAN

Miss Jane Addams Says Responsibil-
ities Are Too Great.New Orleans, March 16.—Miss Jane
Addams of Hull House, Chicago, drew
her brows together in lines of thought,
decided the problem and smiled."No-o I never shall become mayor
of Chicago—or of any other city. I
do not know enough to be mayor."The abnegation was delivered in the
home of her hostess, a local wom-
an suffrage leader.
"I wish to be useful," she said with
something of a wistfulness in her
voice, "but I now feel sure that my
friends have been overly enthusiastic.
I have other fields to enter—other
things besides politics and honors to
attain. No, I am very certain I never
shall come out as a candidate for
mayor.""I believe that no woman should
now undertake the responsibilities of
such an office as that of city mayor."

Her Husband.Chicago, March 16.—Mrs. Louise
Van Keuren, who has been on trial
here for shooting and killing her hus-
band, John B. Van Keuren, last June,
was found not guilty of murder by a
jury. Mrs. Van Keuren's defense was
that she mistook him for a burglar.Mrs. Van Keuren is the thirteenth
woman freed here in three years after
trial on charges of killing men. Only
one conviction, that of Mrs. Lindloff,
an alleged wholesale poisoner, was
obtained in that time.

+ + + + +Houston, Tex., March 16.—A gen-
eral forward movement of both the
Mexican federal and rebel armies at
Torreon was begun, preliminary, it is
believed, to the opening of the long
deferred battle for possession of that
city, according to a dispatch from Chi-
huahua.In the first skirmishes the Constitu-
tionalists, it is said, were put to
flight, but in later minor engagements
the rebels were reported victorious.
Orders were given by General Villa
for the advance of his troops. His
action was hastened by the intercep-
tion of a wireless message from Presi-
dent Huerta at Mexico City to Gen-
eral Refugio Valasco, ordering Velasco
to take the offensive against the
Constitutionalists immediately.

NO INTEREST IN CONVENTION

The enthusiasm displayed by the public in this section of Minnesota over the mass meetings called to send delegates to a Minneapolis convention at which time it is the intention to nominate a man to oppose Governor Eberhart for the republican nomination for governor, was not as noticeable as many expected. In Crow Wing county four men answered the call and assembled at the court house, one from Brainerd and three from Deerwood, this including the chairman who was present by virtue of his selection by the Minneapolis committee. The lack of interest was so apparent that the gentlemen left the court house after waiting an hour for a crowd to assemble, without taking any action as to the election of delegates. In Morrison county nine men completed the "mass" convention to which the whole county was invited, and there not being enough men in the audience to compose the 12 delegates asked for, Milo Young and L. W. Ayer were selected to cast the vote for the entire county. In Stearns county five men were present at the meeting and these men selected a delegation. There may be and probably is more sentiment in regard to the matter than was shown at the meetings in these three counties, but the lack of interest taken in the matter shows conclusively that the statements of the men back of the movement, and their newspaper, the Minneapolis Journal, is greatly overdrawn. If there was any great crying need for this movement there certainly would have been men enough present at the county meetings to have filled the quota of delegates allotted. In Minneapolis and St. Paul, and in some few of the counties where the anti-machine candidates for governor have been active there were representative numbers present at the meetings, but in these

places the selection of delegates took on the aspect of old time ward caucuses, where each candidate had his own following working for the delegation, instead of that "let the people rule" idea that has been so much talked of in connection with this meeting. The people will decide the matter, after all, instead of the politicians who are endeavoring to shape matters.

TWO GO TO THE REFORMATORY

Ole Rodman and George Shanks Plead Guilty to Grand Larceny in the First Degree

GET INDETERMINATE SENTENCE

Will be Sent to the State Reformatory at St. Cloud to Serve Their Sentences

Ole Rodman and George Shanks made application to plead guilty to grand larceny in the first degree and being heard by Judge W. S. McClenahan, of the district court, were sentenced and given indeterminate sentences in the state reformatory at St. Cloud.

The charge of grand larceny in the first degree covered the taking of a \$57 wagon from W. F. Holst.

Charges against John Kelly and James Grasser, as previously mentioned, were dismissed after an examination in municipal court.

Bert Crocker, a relative of James Grasser, as previously mentioned, was bound over to the grand jury on two charges, that of grand larceny in the first degree for taking a wagon from W. F. Holst and of grand larceny in the second degree, taking \$6 worth of cracked feed and corn from M. E. Hitch. No bail can be fixed by the municipal court on the first charge. On the second charge, where the waived examination, bail was fixed in the sum of \$200.

The report of a weekly paper that six men were implicated in the crimes is without foundation, according to the evidence given in court. Five

men were arrested, and of these two have been released. Two have pleaded guilty as announced and one is bound over.

ANTI-SALOON FIELD DAY

Large Attendance at the Congregational and Norwegian Lutheran Churches on Sunday

Sunday, March 15, was anti-saloon field day in Brainerd. Representative W. I. Norton spoke Sunday morning at the First Congregational church. In the evening were held two union meetings. D., state superintendent of the league, was the speaker.

Rev. W. H. Miller spoke at the morning services of the Methodist church and Rev. G. B. Safford spoke at the Baptist church.

In the evening union services for the south side were held at the Seventh Street Norwegian Lutheran church, Rev. M. Martinson being the speaker. In the recent elections in this state, "wet" and "dry" issues were threshed out and a 25 per cent gain by the "drys" reported. The league speakers told of their part in the moral victory.

MANDAMUS CASE BEING HEARD

Light & Power Co. Asks that the City Clerk Correct His Notation on Gas Ordinance

HEARD BEFORE JUDGE STANTON

Answer of the City Clerk Explains He Changed Notation at Request of the Mayor

This afternoon will be held the hearing in the mandamus proceedings brought against V. N. Roderick, city clerk of Brainerd, by the Light & Power company, a corporation, represented by its attorney, M. E. Ryan, the case being heard by Judge C. W. Stanton, of Bemidji.

In the answer filed by the city clerk, it is alleged that the city council of Brainerd on February 2, 1914 duly passed an ordinance known as Ordinance No. 259, (being the gas franchise.)

Mr. Roderick alleges further that after the ordinance was signed and on the second day of February he delivered the same to the mayor by handing it to him together with other papers; that before delivering the same he endorsed thereon, as follows: "Delivered to his honor, the mayor, February 2nd, 1914, at 11 o'clock P. M. Signed V. N. Roderick, City Clerk."

Thereafter the mayor returned the ordinance to the city clerk with the request that the clerk withdraw said delivery previously made, and hold the ordinance until the following day, and that the clerk re-deliver said ordinance on the following day,

giving as a reason for such request that the city attorney would be out of the city until Saturday, February 7th and that he desired to consult with the city attorney before presenting his objections to the ordinance; that in compliance with such request the city clerk took back the ordinance and did, on February 3, change the endorsement thereon to read:

"Delivered to his honor, the mayor, February 3, 1914 at eleven o'clock A. M. Signed V. N. Roderick, City Clerk."

The clerk then handed it to S. W. Quinn, chief of police, and requested it be delivered to the mayor and that he believes the chief did as requested.

On February 9th, at 9:40 A. M., the ordinance was again returned to the city clerk with the mayor's veto attached.

After the return of the ordinance, it is alleged, the same was not again put upon passage by the council of the city.

Paragraph 7 of the city clerk's answer alleges that he is informed and believes that by reason of the facts hereinbefore set out said Ordinance No. 259 is of no force or effect until again acted upon by the council of the city of Brainerd, and that he has therefore refused to have said ordinance published.

Paragraph 8 says that the respondent further alleges that he is informed and believes that said Ordinance No. 259 was not drawn and presented by the city attorney of the city of Brainerd, as is required by the charter of said city, and that said ordinance is therefore void and of no effect.

The demand made upon the city clerk by the Light & Power Co. reads "Demand is hereby made upon you (the city clerk) to correct the notation placed by you upon Ordinance No. 259 showing the time when the same was presented by you to the mayor of the city of Brainerd, to conform to the truth and facts, and demand is further hereby made upon you to have said Ordinance published as required by law."

The Flyer, or No. 59, as usual, arrives at 1:50 in the afternoon. Returning as No. 60 from Staples it arrives in Brainerd at 7:52 in the evening.

BUSH TWIRLS WELL

Brainerd Boy Helps to beat the Cubs at Tampa, Florida, in a 6 to 2 Game

A special to the St. Paul Pioneer Press dated March 14 from Tampa, Florida, where the Philadelphia Athletics are in spring training, states that Connie Mack's world champions defeated the Cubs when they got fourteen hits and won, 6 to 2.

Heavy clouting was absent on the Cub team, as O'Day's men got only seven raps. There is an excuse for the lack of splendid slugging, and that is the twirling of Carroll Brown and Bullet Joe Bush. Bush was exceptionally effective.

GRAND MANAGEMENT CHANGES

Wm. Vernon Severs His Connection With the Grand Theatre as Manager Commencing Today

Wm. Vernon, who for some time past has been the popular manager of the Grand theatre, has severed his connection with that amusement house and will devote his entire attention to his tailoring business on Fifth street. Clyde E. Parker has associated with himself Dr. H. G. Ingersoll in the ownership and management of the theatre and they will personally look after the comfort of the patrons and the details in connection with giving the people of Brainerd who so generously patronize this popular theatre the best there is, and new films will be shown each night, meaning a complete change of pictures. Mr. Parker has been in the business long enough to learn that the public demands in the way of attractions and now that the personal attention of the gentlemen connected with the theatre as proprietors is given to making it the most popular amusement place in the city the public can expect that their show house will be up to the minute. Additional facilities have made it the best ventilated of any of the picture houses in the northwest, and as additional conveniences and comforts can be devised they will be added in order that the place may continue to merit the patronage of the theatre going people that has so generously been accorded it in the past.

Good Rules For Miners

The Ironon News say that the Rowe mine has some rules that are unique in this part of the world. For one thing they employ only Americans, which means people who speak United States and intend to stay in this country. They hire no man that uses liquor. If they catch a man smoking cigarettes they fire him. Then they rent houses to employees at a lower rate than any other land-lord in this part of the country. They furnish a seven room cottage, with bath, electric light and furnace, for fifteen dollars a month. The result of all this may be that the Rowe will have entire freedom from labor troubles and get as much ore for a dollar as the rest of the mines do. Having men that they can talk with understandingly will go a long way toward making for peace.

MUSIC AND DRAMA

At the Columbia

The Columbia always has appropriate programs for the various holidays, and those of Monday and Tuesday, in commemoration of St. Patrick's day are exceptionally good.

Special attention has been paid to the music and the Columbia orchestra will render some forty or fifty of the most popular Irish melodies. The picture program has not been overlooked. The feature of both evenings will be the New York dramatic triumph, "The Play is the Thing," adapted from one of Wm. Clifford's most popular novels.

You will make no mistake in locating the Columbia, for on its broad entrance doors are blooming scores of shamrocks.

Sunday's program was made notable by the appearance of Wm. Graham, cornetist, and Al Mraz, baritone soloist. Mr. Graham played the "Palms" by Faure, with full orchestral accompaniment. Mr. Mraz gave a perfect interpretation of Bond's "Perfect Day." Both were highly pleased with the acoustic properties of the theatre and both agreed that never before had they sung or played in a theatre with a more appreciative and responsive audience. The "Post and Peasant" overture was interpreted with a due regard for its tonal coloring and all technical difficulties were surmounted at the remarkable metronome speed of 160.

"Sanford Dodge & Co."

The Cavalier Chronicle says that the appearance of Sanford Dodge and company at the opera house in the great symposium of "Othello," "The Gunfighter" and "The Governor's Lady" was greeted by a large and appreciative audience. He is well supported in the popular roles with which he is making a great success this season. Cavalier is always glad to see and greet him with a large audience. The productions were much enjoyed and appreciated by all.

Sanford Dodge will appear at the Brainerd opera house on Tuesday, March 17. Prices children 25c, adults 50c and 75c.

A Pioneer Called

The St. Cloud Journal-Press contains the following regarding the death of a well known citizen:

Chloris Grandelmeyer, aged 77 years a pioneer resident of this county, and well known to early settlers, as sheriff of the county during the early sixties, passed away at St. Joseph's Home yesterday afternoon at 4:30 o'clock from heart disease.

Deceased was born in Zurich, Switzerland on January 6, 1837, and as a small boy came to the United States and settled in Baltimore. After living in the east several years the family moved westward to St. Paul and then to St. Cloud, arriving here about 1860. During his residence here Mr. Grandelmeyer was employed as a painter and decorator, besides holding public positions. He is survived by a daughter, Mrs. Rosa Parker of Chicago.

The funeral was held on Sunday afternoon at 2 o'clock from the chapel at the St. Joseph's Home, of which Mr. Grandelmeyer has been a resident for five years. The pallbearers will be selected from the nephews of the deceased. They are: Jos. T. Tschumperlin, Al. J. Tschumperlin, Ray Tschumperlin and J. C. Knuessel. Interment will be made in Calvary.

Lord Gifford's Hats.

The late Lord Gifford, who first came into prominence in the west of Scotland at a period when a lecture-ship on natural theology would have been regarded as profane and "irreligious"—as counsel for the crown in the Glasgow murder trial, was, so the Glasgow Herald tells, possessed at the time of his death of forty-seven hats. This seems an extravagant reserve of hats even in so windy a place as Edinburgh. However, his taste as a collector did not take such an eccentric turn as that of the literary man of last century whose means and estate included about as many pairs of trousers as Lord Gifford had hats—and forty mustard pots.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas of heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.—Adv.

Disordered kidneys cause much misery

With pain and misery by day, sleep-disturbing bladder weakness at night, tired, nervous run-down men and women everywhere are glad to know that Foley Kidney Pills restore health and strength, and the regular action of kidneys and bladder. H. P. Dunn.—Adv.

Baked Apples.

The next time you have baked apples try this way of cooking them:

Wash, then core the apples; fill the holes with boiled rice or hominy; sprinkle sugar, a grate of nutmeg and a small dot of butter on top of each apple. Mix equal parts of water and grape juice together and use this for basting.

Place the apples in an agate dish and bake until tender, basting several times. When done lift them carefully with a cooking fork into a glass dish, flavor the syrup with vanilla and pour it over the apples. Serve hot or cold with soft gingerbread or lady fingers or sponge cake.—New York Sun.

Avoid Stuffy Wheezy Breathing

Take Foley's Honey and Tar Company for an inflamed and congested condition of the air passages and bronchial tubes. A cold develops quickly if not checked and bronchitis, la grippe and pneumonia are dangerous possibilities. Harsh racking coughs weaken the system, but Foley's Honey and Tar is safe, pure and certain in results. Contains no opiates. H. P. Dunn.—Adv.

CHEERFULNESS.

Cheerfulness is a tonic that invigorates him who possesses it and all those about him. What indeed does not the word "cheerfulness" imply? It means a contented spirit; it means a pure heart; it means a kind, loving disposition; it means humility and charity; it means a generous appreciation of others and a modest opinion of self.

Plain Truth that's Worth Money

Using Foley's Honey and Tar for a cough or cold may save you both sickness and money. F. F. Monahan, Wis., says: "I am exposed to all kinds of weather and I find Foley's Honey and Tar Compound always fixes me up in good shape when I catch cold or have a bad cough. I recommend it gladly." Refuse substitutes. H. P. Dunn.—Adv.

Through Her Head.

"Bugsy gets out of all patience with his wife. He says she can't get a thing through her head."

"That's funny. He told me everything he said to her went in one ear and out of the other."

Conscience.

A man's first care should be to avoid the reproaches of his own heart; his next to escape the censures of the world. If the last interfere with the former it ought to be entirely neglected, but otherwise there cannot be a greater satisfaction to an honest mind than to see those approbations which it gives itself seconded by the applause of the public. A man is more sure of his conduct when the verdict which it passes upon his own behavior is thus warranted and confirmed by the opinion of all that know him.—Addison.

Hard Lines.

"Does your wife make you explain all your acts?"

"Worse than that."

"Worse than that?"

"Far worse. She doesn't permit me to explain them."—Exchange.

He Was Welcome.

Picking himself up after a rapid flight down the stairs, the young man broke forth:

"Of course it is your privilege to throw me out of the house. Mr. Roughman," he said, "but there is no need to add insult to injury by having me land on a mat which has the word 'Welcome' woven in it."

"There is nothing wrong in that," remarked the cause of his sudden descent: "you are welcome!"

"But you threw me out!"

"—on the outside of the house where the mat lies, sir!" concluded the man of the house, closing the door.—London Tit-Bits.

When You Can't Smoke

that's the time to chew PEERLESS. When you can smoke—that's the time to choose PEERLESS.

This pure Southern Kentucky tobacco is the great favorite with men of vigor. It is full-bodied and satisfying. It gets its pleasant richness from the natural aging we give it for three to five years. And that is what keeps its quality up, always the same, no matter what the year's crop may be.

PEERLESS Long Cut Tobacco

has given prime pleasure to manly men for over half a century. A PEERLESS man never switches to another brand; he knows he's just losing time and pleasure on a needless experiment. Many brands come and go into the discard—but old PEERLESS is still in the lead.

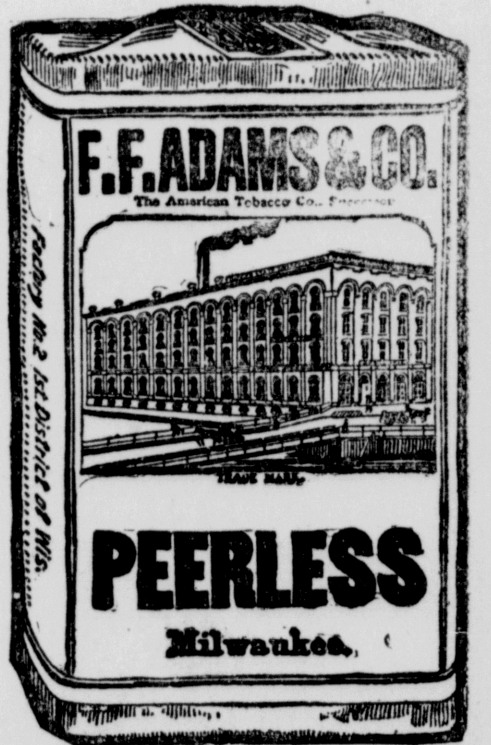

There's a snappy taste to PEERLESS that policemen and other big fellows like. It's got that man-size quality about it; not one of those insipid, next-to-nothing tobaccos—but the big king-brand for the he-men on the force.

A week's trial will make you a permanent user of PEERLESS—go to it today.

Sold everywhere in 5c packages.

Other sizes, 10c, 20c and 40c Packages, and 45c Tin Pails.
